

# ImagePerfect™ 2603 Plus Backlit Banner (FR)

**ImagePerfect™ 2603 Plus Backlit Banner is a flexible, premium-quality backlit material for durable (and promotional) translucent signage. The unique face film produces vibrant and consistent colours. It has been specially created for digital printing on large-format inkjet printers and is suitable for printing with eco solvent and solvent inks as well as UV-cured and latex inks.**

ImagePerfect™ 2603 Plus is a flexible, premium backlit banner that can be used for splice-free installations in large-format, illuminated signboxes and framing systems, such as those at petrol stations and other commercial locations. It has a high level of printability, it has been UV stabilised, it incorporates an anti-fungus treatment and it is a durable product that can withstand strong winds when used in conjunction with outdoor signbox systems. The special design of the fabric ensures even light distribution and translucence for optimum impact (day and night). The application of self-adhesive vinyl to this product is not recommended. Laminate: ImagePerfect™ water-based liquid laminate.

Specifications	
Description	Backlit banner
Colour	White satin
