

ImagePerfect™ 2903

Roll-Up Display

ImagePerfect™ 2903 is a matt, print medium for POS and roll-up display systems. This product has been specially created for digital printing on large-format inkjet printers and is suitable for printing with eco solvent and solvent inks as well as latex and UV-cured inks.

ImagePerfect™ 2903 is a cost-effective material (PP) with good layflat properties for a wide range of display and roll-up applications. Important recommendation: To protect the printed surface from abrasion, dirt or humidity, we would recommend using a filmic overlamine. The printed IP 2903 must be completely dry prior to application of the laminate. Laminate: IP 2810-101, IP 2810-200 or IP 2810-300.

Specifications	
Description	Roll-up media
Colour	White matt
Thickness	190mym
Weight	170g/m ²
Temperature Range	-10°C to +55°C
Durability (unprinted)	N/A
Flame Retardancy	N/A
Shelf Life	2 years, 20°C / 50% humidity
