

ImagePerfect™ Magic Clean Substrate Cleaner

IP Magic Clean is an advanced, powerful cleaning product that completely and safely removes built-up dirt from many surfaces including soft vinyl, thereby restoring the original lustre of the surface.

IP Magic Clean is an instant cleaning solution that utilises the strongest cleaning formula available to allow for the effective removal of built-up dirt. It affords ease of use and accuracy and, as it does not contain any harsh chemicals or phosphates and is completely solvent-free, it will not damage or discolour the surface of either the vinyl itself or of any prints on the vinyl, thereby affording complete peace-of-mind. It is suitable for use on many types of installation, including car-wraps, banners, tarpaulins, glass, polystyrene, acrylic sheets, etc. Directions: The IP Magic Clean should be sprayed onto the surface whereupon it will immediately dissolve the dirt and grime. The surface should be wiped (no waiting time necessary) with a damp cloth and then rinsed with clean water before being allowed to dry. It can be used in its concentrated form or as a solution diluted with water. It can also be used in a high-pressure washing system, which makes it a particularly attractive option for use when cleaning vehicles, car wraps and tarpaulins, as well as tops and covers on cars and boats.

Specifications	
Description	Surface restorer
Ingredients	No dangerous components
Toxicity	Non-toxic
Storage	Keep container tightly sealed and keep away from heat / Best below + 22°C
Transport	Not classified as Dangerous Goods
Shelf Life	1 year, 20°C / 50% humidity
