

ImagePerfect™ Seam Tack Tape

Adhesive Tape for PVC Banners and PVC-Coated Textiles

ImagePerfect™ Seam Tack Tape is a highly cohesive, high-tech transfer tape, designed for the seaming and splicing of PVC banners, as well as a broad range of PVC-coated textiles. This tape can be used as a substitute for heat welding in many indoor and short-term outdoor applications.

ImagePerfect™ Seam Tack Tape is a double-sided transfer tape that allows for the creation of first-class seams or splices on PVC-coated banners. The adhesive is highly resistant to plasticizer when applied. It is also very elastic, very conformable and highly resistant to moisture. A clean substrate and high-contact pressure using an application roller are important to ensure successful application. IP Seam Tack Tape should be applied at room temperature, 24 hours prior to mounting the finished assembly.

Specifications	
Description	Double-sided transfer tape
Colour	Transparent
Thickness	300mym
Weight	N/A
Adhesive	Acrylic, highly modified
Adhesive Strength	25N/25mm (Finat TM 1/24h)
Release Paper	Polyolefin film, white
Temperature Range	-40°C to +130°C
Durability (unprinted)	N/A
Flame Retardancy	N/A
Shelf Life	2 years, 20°C / 50% humidity
