

# ImagePerfect™ iD7

## White Gloss Air

ImagePerfect™ iD7 Gloss Air is a gloss high-performance calendared vinyl that uses PerfectApply technology, and has a grey permanent adhesive for indoor and outdoor use. It is designed for digital printing with large-format inkjet printers and is compatible with eco-solvent, solvent, UV-cured, and latex inks.

ImagePerfect™ iD7 Gloss Air is a state-of-the-art permanent product for indoor and outdoor applications such as markings, decorations and vehicle graphics. It promotes high levels of print quality with remarkable text definition and a large color gamut to ensure colorful images with vibrant area infills. To ensure proper application of IP iD7 Gloss Air, it is important to allow the printed vinyl to dry completely before laminating. Prior to applying the vinyl, the surface should be thoroughly cleaned, dried, and dust-free.

| Specifications                |   |
|-------------------------------|---|
| <b>Description</b>            | Hi-Performance Calendared Vinyl                                     |
| <b>Color</b>                  | White gloss   |
| <b>Thickness</b>              | 2.8mil  |
