

# ImagePerfect™ iD7

## Clear Gloss Polymeric Laminate

ImagePerfect™ iD7 Lam Gloss is a hi-performance calendared laminate that is designed to provide high-performance protection for digital prints. The laminate features a permanent solvent-based adhesive that allows it to strongly bond to the surface of the printed media, ensuring that it stays in place and provides maximum protection.

ImagePerfect™ iD7 Lam Gloss a high-quality product that is designed for outdoor use and can withstand exposure to UV radiation and weathering. This makes it ideal for various applications, such as markings, decorations, window graphics, and vehicle graphics that require long-term durability and resistance to fading or degradation. As a hi-performance calendared laminate, it offers some flexibility and conformability to slightly curved surfaces, which can be useful for some applications. However, it's important to note that the suitability of this product for a particular application will depend on various factors, such as the substrate material, the type of ink used, and the intended use environment. This laminate can be used on iD7 Gloss Air.

Specifications	
<b>Description</b>	Hi-Performance Calendared Laminate
<b>Color</b>	Clear gloss
<b>Thickness</b>	2.7mil
<b>Weight</b>	N/A
<b>Adhesive</b>	Solvent based acrylic, permanent
<b>Adhesive Strength</b>	4.5lbs/in (Finat TM 1/24h)
<b>Liner</b>	PE-coated silicone paper, 90#
<b>Temperature Range</b>	-22°F to +194°F
<b>Durability (unprinted)</b>	7 years
<b>Flame Retardancy</b>	N/A
<b>Shelf Life</b>	2 years, 68°F / 50% humidity
<b>End of Life / Disposal</b>	Not currently recyclable. Can be used for refuse derived fuel (RDF)
