

ImagePerfect™ NEW Squeegees

There are many different kinds of squeegee available on the market, made from different materials, including Nylon, Teflon and graphite. To reflect this choice in the market, we are now expanding our range of ImagePerfect squeegees, with four completely new models. The four new ImagePerfect squeegees consist of two commodity versions for daily use and two premium models that are especially suited to car wrapping. They are all PVC-free and phthalate-free and they can all be recycled. They are all available in 4" (7cm x 10cm).

IP GREEN SQUEEGEE (CODE: MIP0123)

The IP Green Squeegee is a commodity model squeegee for daily use. It features high-stability base material for easy handling and pressure control. It has a strong memory. Available in 4".

IP GREEN SQUEEGEE, FELT (CODE: MIP0125)

The IP Green Squeegee, Felt is a commodity model squeegee equipped with felt for daily use. It features high-stability base material for easy handling and pressure control. It has a strong memory. Available in 4".

IP GRAPHITE SQUEEGEE, MICROFIBER (CODE: MIPGRAPHITE100)

The IP Graphite Squeegee is a flexible, premium squeegee equipped with a unique, double-layer microfiber edge to prevent scratching. It is ideal for wrapping. This squeegee can be used wet and dry. Available in 4".

IP TEFLON SQUEEGEE, MICROFIBER (CODE: MIPTEFLON100)

The IP Teflon Squeegee is a hard, premium squeegee equipped with a unique, double-layer microfiber edge to avoid scratching. It is ideal for wrapping. This squeegee can be used wet and dry. Available in 4".
